ENGINEERS ON THE MOVE

(AS9100D and ISO 9001:2015 CERTIFIED COMPANY)

INOVIT SOLUTIONS we providing our confidential service and established our company on February 2012, To be the most quality oriented in fastest and progressive way relentless in the pursuit of customer satisfaction. To globalize the efficiency of design and manufacturing industry to serve our clients. We strive constantly to make INOVIT SOLUTIONS a winning service provider today and in the future. We innovate new ideas of designing and manufacturing strategies which will lead to our success in the market.

- Precision Component & Assembly manufacturer for a wide range of industry sectors namely Aerospace & Automotive.
- Available facility 2,500 sq ft in Unit 1 & 5,000 sq ft in Unit 2.
- AS 9100:Rev D Certified.

What We Do

Inovit Solutions is a Manufacturers of high quality Precision in

- Aerospace machine components
- Aerospace Structural components

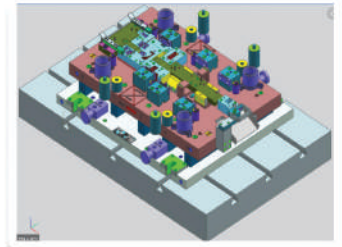

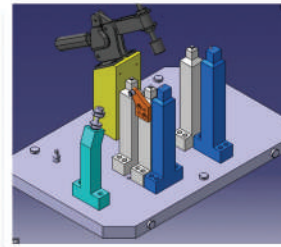

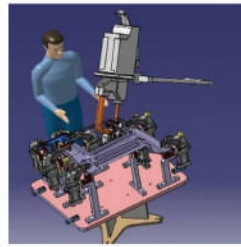

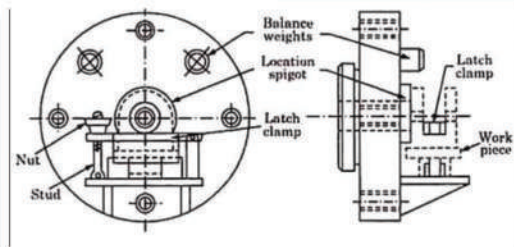

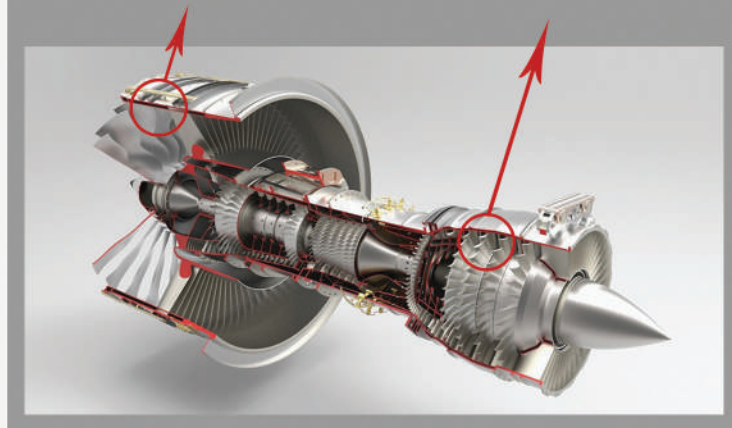

Design and Manufacturers of

- Jigs and Fixtures for Aerospace Industry
- Assembly Fixtures
- Welding Fixtures
- Inspection Fixtures
- Checking Gauges
- Milling Fixtures
- Turning Fixtures
- Vacuum Fixtures

Tool Design

We provide a full fledge tool design facility with our specially trained engineers to meet products with quality and cost oriented.

We Produce these components called Engine Casings.

Our Machining Facility

Our Inspection Facility

Tool Room and Machine Shop

- Our qualified engineers meet drawing requirements and needs at our tool room with consistence touch with machining and technology.
- Process of manufacturing followed at tool room like
 - » Procurement of Raw Material
 - » Planning
 - » Machining process
 - » Assembly- Inspection - Packing and Dispatch

Tool Room

Machine Shop

Unit -1

Machine Shop

Unit -2

Aerospace Engine Casing Components

Aerospace Structural Components

Milling Fixtures

Pipe Tooling's up to 2.7 mtrs

Turning Fixture Dia Upto 1000mm

Vacuum & Welding Fixtures

Form Blocks
